Summer Term - Speaking and Listening homework – Year 2

'Reading Aloud'

Guidelines

This term we would like the children to further their reading aloud skills in order to develop their confidence in speaking clearly and expressively in front of an audience. This builds on the similar task set in YR1.
In order to support your child's preparation for this, please help them to choose a favourite story and practise reading aloud a passage from it, for about 5 minutes, but suiting their reading ability and own comfort.

Practise hints

- Tell the listener the title and author
- Hold the book up firmly to read without covering the face
- Read clearly so that you can be heard
- Show understanding of the sense
- Show interest by use of expression
